## Anansi, Ghana's World Famous Spider

Ghana exports cultural products in many forms including textiles and wood carvings. But Anansi the spider just might be one of Ghana's most successful cultural exports. Anansi (also spelled *Ananse*) is the trickster hero of countless Akan folktales. His appeal has spread to Latin America, the Caribbean, North America, and even the Internet.

Anansi's dominant characteristics are his trickery and laziness. In most stories he tries to get something for nothing. Sometimes he succeeds, and sometimes he is punished for his behavior. In some stories, Anansi is a spider, but he can also take a human form. Even in his human form, he is associated with his tricky qualities. Many of the stories have elements of magic and fantastic turns of events.

Sylvia Gardner of B&F offered a story in which Anansi fakes his own death. Anansi heard that there was going to be a famine. He instructed his family to bury him on their farm if he died, and he prepared his own coffin. He then pretended he was dead. His family dutifully buried him in the coffin on the farm. Little did they know that Anansi had rigged his coffin so that he could escape. Following Anansi's "death," the family worked hard on the farm every day. Every night Anansi slipped out of the coffin and helped himself to the food his family had grown. His family noticed that food was going missing. So one day they set a trap of sticky glue. Sure enough, Anansi got stuck in the glue, and the next morning his family discovered his plot.

Driver Bismark Sai tells a variation on that story in which Anansi's family punishes him by expelling him from the village. That is why you always see spiders in their webs outside homes.

Ads and submissions are accepted based on appropriateness and relevance to the Embassy community. *Okyeame* is a Twi word meaning linguist, or chief's spokesperson.

In another story, Anansi wants to eat some of his wife's delicious bean stew, but he is supposed to be fasting following his mother-in-law's death. So he hides the stew in his hat and tries to eat it in secret. Of course, his wife enters as he is about to eat. He puts the hat on his head to conceal the stew, but he must keep shaking the hat to cool his head. Anansi tells his wife he must go off to a hat-shaking festival. His wife has never heard of such a festival, and eventually she discovers his scheme. Anansi suffers the ridicule of the village, and the stew singes the hair off his head.

You can find Anansi stories wherever Akan people have settled, such as Jamaica. In those stories, the characters take on distinctively Jamaican characteristics. They speak in patois and in one story, they attend a cricket match. These days Anansi makes appearances in many places. The Canadian children's singer, Raffi, performs a song about Anansi. The American Public Broadcasting System (PBS) uses Anansi as a character on its children's website about Africa. Numerous internet companies have incorporated Anansi into their names because of his association with webs. American bookstores carry dozens of illustrated children's books recounting Anansi stories. Locally, EPP Bookstore carries *Ananse Searches for a Fool and Other Stories* by Jane Osafoa Dankyi. The next time you come across a reference to Anansi the spider, remember that he is an Akan invention!
